E-mail name.lod@gmail.com

   I am a software developer with 2 experience both working in-house and outsourcing. mainly focusing on Full-Stack web development using Angular TypeScript with DevExtreme for Font-end and C# .net Core PgSQL for back-end API.
I have collaborated effectively with my own team, external teams and also outside the organization. I am sociability, friendliness, fast learner who enjoys acquiring new knowledge and skills, open to embracing new challenges, and I believe that there is chance for further personal growth and development to get working experience and become professional.

Skill

Front-End	JavaScript ,TypeScript ,HTML ,CSS ,PHP
Back-End	C# ,JavaScript ,GO ,PgSQL ,SQL ,MongoDB
Technology	Angular ,ASP.NET ,React , DevExtreme , Syncfusion ,Git , Fixma
Languages	English : Normal command of read, written and communication
	Thai : Good command of read, written and communication
Self Learning	Able to learn, search and understand by myself quickly for improving myself and developing new skills outside formal education.
